MATHS MORNING

On Thursday we hosted an aMAzing Maths Morning at school. It started with a talk for parents, where Mrs Webb explained the new expectations for maths. Everybody then visited the different classes to see the children enjoying maths games. Thank you to all the parents who supported this event. There's much more information on our school website: parents -> curriculum -> maths. We will hold more open days throughout the year.

Next week is **National Anti-Bullying Week**, an important week in our school calendar. Anti-Bullying Week shines a spotlight on bullying and encourages all children, teachers and parents to take action against bullying throughout the year, not just for one week. The theme of Anti-Bullying Week 2016 is '**Power for Good**' and our aims are:

To support children to use their **Power for Good** – by understanding the ways in which they are powerful and encouraging individual and collective action to stop bullying and create the best world possible.

To help parents and carers to use their **Power for Good** – through supporting children with issues relating to bullying and working together with schools to stop bullying.

To encourage all teachers and support staff to use their **Power for Good** – by valuing the difference they can make in a child's life, and taking individual and collective action to prevent bullying and create safe environments where children can thrive.

We will be thinking in particular about the difference between one-off rude or mean behaviour, and bullying.

Rude = Unintentional, hurtful, one-off

Mean = Intentional, hurtful, one-off

Bullying = Intentional, hurtful, happens more than once, even when you ask them to stop or show that you're upset.
