

5.2.21

Dear Families

I hope that you and your families are safe and well. We have had another busy and exciting week supporting our children's learning both in school and at home. Thank you for your continued efforts in supporting the home learning and for your engagement with the staff in school.

Children's Mental Health Week

We have enjoyed completing activities based around this over the week, following the theme of 'Express Yourself'. It is so important to encourage our children to be creative and to find creative ways to share feelings, thoughts, or ideas, through things like art, writing, music and dance. It is not about being the best at something or putting on a performance for others. It is about finding a way to show how you are feeling that can help you feel good about yourself. This is such an important message for everyone to hear and understand, and is something that we will focus on again and again. Here are some of our very creative learners!

Safer Internet Day

Tuesday sees the annual Safer Internet Day and through the week we will be helping our children to consider **An internet we trust: exploring reliability in the online world.** We will look at why inaccurate content exists, where it comes from, and what young people can do in response, while also recognising that the online world is a great source of information too. Safer Internet Day will give young people the chance to build the skills they need to be able to make the best decisions as they navigate an online world where everything is not always as it seems. For Key Stage Two only, Mr Hill will be presenting an assembly for all Aspire schools on Tuesday 9th February at 11:00am. The link will be posted in your Google Classroom. We look forward to seeing you there!

Half Term

Please remember that schools will close as usual over February half-term. We also have a Training Day next Friday, the 12th February, so will be closed to all children. If you have been in school up to and including Thursday 11th February and test positive for Covid-19 over the first weekend, please contact Aspire as usual following the details below.

What to do if a COVID test comes back positive?

If the test comes back positive during school hours, please phone us straight away.

If the test comes back positive out of school hours, please access the form below
